Ajay Rana

Software Developer | Full Stack Developer

Ranchi, Jharkhand, India
8227919589 | ajayrana0618@gmail.com LinkedIn | GitHub

Professional Summary

Proficient Full Stack Developer with expertise in MERN Stack and Java-based frameworks. Proficient in React.js, Node.js, Express.js, MongoDB, Spring Boot, and MySQL. Strong problem-solving skills with a passion for building scalable, user-friendly applications. Completed three full-stack projects, demonstrating technical expertise and teamwork capabilities.

Education

Master of Computer Applications (MCA) – Jharkhand Rai University — [July 2024] | CGPA: 8.8
- Specialized in Full Stack Development and Software Engineering.

Bachelor of Computer Applications (BCA) – Vinoba Bhave University — [October 2021] | CGPA: 8.4
- Emphasis on programming fundamentals and application development.

Technical Skills

- Programming Languages: Java, C, JavaScript
- Frontend: HTML, CSS, React.js, Tailwind CSS
- Backend: Node.js, Express.js, Java (Spring Boot, Hibernate)
- Databases: MySQL, MongoDB
- Tools & Technologies: Git, Cloudinary, Render, Stripe, Strapi
- Other Skills: Problem-solving, Debugging, API Integration

Projects

Trend Canvas (E-Commerce Website) – React.js, Node.js, Express.js, SQL, Strapi, Stripe

- Developed a fully functional e-commerce platform as part of a **3-member team**, managing both frontend and backend development.
- Designed a responsive UI using **React.js** and built server-side logic with **Node.js** and **Express.js** for smooth performance.
- Integrated **Strapi** as a CMS for dynamic content management and simulated secure payment processing with **Stripe**.

Project Wanderlust (Property Rental Website) – MERN Stack, MongoDB, Cloudinary, Render

- Independently developed a scalable property rental website using the **MERN Stack**.
- Created core features including **user authentication**, **property listing**, and **rating systems** to enhance user engagement.
- Leveraged **MongoDB** for flexible data storage and **Cloudinary** for secure and efficient image handling.
- Deployed the platform on **Render** for global accessibility and high availability.

Certifications

- MERN Stack Development – Apna College — May 2024
- Full Stack Development in Java – KodNest — March 2025
